

Welcome to WILSON WORLD APUSH 2019

Welcome fellow adventurers! Hold on to your hats – we are going to have some fun this semester. I am asking the following to be completed as prep work for the term:

1. Come to my room (262) and get the text, packet and instructions for Summer reading.
2. Join Remind.com. Block 1 – you are FALLBlue19@afk66h. There is a mobile app.
3. The primary text we will be using may be purchased by you for your own use. That allows highlighting, margin notes, underlining to happen. IT IS NOT necessary to do this – I have copies for the class; however you may not write in this one. If you would like to purchase a book:

ISBN: 978-1-68240-455-3 AMSCO publication 2016 edition Newman/Schmalbach, authors

There is a 2018 edition that will work as well: ISBN 978-1-5311-1692-7

United States History: Preparing for the Advanced Placement Examination

SUMMER READING

With the semester so compact, please complete the following as prep work for the first day of class in August.

Please read the first chapter of the Amsco book. And then work through the packet from John Green's Crash Course. The Crash courses you need are on Canvas, under APUSH, Modules.

Within the packet, you will complete not only the crash course questions, but also be reading and responding to primary and secondary sources by either completing a chart or annotating the readings. To do this, simply read, highlight, margin notes in response to what you read. You can ask questions in the margin, or simply comment on what you read. The last thing in the packet is asking you to write a solid summation of what you read – it should be at least 1 page long – don't plagiarize, write it in your own words. Bring the packet to my room on August 6th. Be prepared to discuss your findings and thoughts.

There will be a Quiz at the end of the week that will cover chapters 1-3.

If you have any issues or questions, please contact me through the school email site: brooke.wilson@maryville-schools.org.
